ENGLAND SEEKS ALLIANCE WITH US

Hope of Stopping Heavy Arma-
ment Lies in this Way.

To Guarantee Each Other Against
Attack By Any Other Two
Powers.

MOVE HAS GOVERNMENT FAVOR

London, May 10.—In the house of commons last evening Henry Vivian, a laborite, moved a resolution calling on the government to take drastic steps to reduce the expenditure for armaments and to press for an inclusion of the question of armament reduction by international agreement in the Hague conference.

Carlton Wilfrid Bellairs, a liberal, in moving the amendment, said it was inadvisable to initiate the discussion concerning the armament which foreign powers deemed necessary for the defense of their territories. He said the only hope of stopping the present mad race was in an Anglo-American alliance. These two powers, Bellairs said, could guarantee each other against attack by any two powers and both could reduce armament. Former Premier Balfour said peace in Europe and the success of British diplomacy depended on the necessary military and naval backing.

Sir Edward Grey, foreign secretary, said he believed a declaration, such as contained in Vivian's motion, was worth having for the effect it might have on other nations. There was a growing disposition in other countries the foreign secretary said, for some reduction. He thought the question should be discussed at The Hague; but it would depend on the responses of other nations. The government welcomed the motion. He hoped other nations would regard it as an invitation from the British house of commons to respond to their feelings in the matter.

The motion was agreed to. It is said Bellairs withdrawing the amendment.

INVESTIGATION HAS
BEEN ORDERED

Agricultural Department to Come
Under "Eagle" Eyes of Con-
gressmen.

Washington, May 10.—The agricultural department is to be investigated. The house yesterday, by vote empowered the committee on expenditures in the agricultural department, of which Representative Littlefield, of Maine, is chairman, to conduct such an examination.

Mr. Williams, of Mississippi, the minority leader, said that the investigation was a step in the right direction and he hoped the other committees of the house dealing with the expenditures in the several departments would follow suit. He believed that such investigations would tend to economy in the departments and if this be accomplished, even in a small degree, the cost of the investigation would be money well expended.

Oldest Georgia Woman Is Dead.

Brunswick, Ga., May 10.—Eliza Gates, aged 114 years, said to be the oldest person in the state, died here. She had been married three times and leaves four children, twenty-three grand children and nineteen great-grandchildren.

F. J. Bergdoll and Associates Purchase the Paducah Brewery.

Mr. F. J. Bergdoll and associates, today purchased the stock of the Paducah Brewery company, and Mr. Bergdoll takes charge of the company, as manager, tomorrow.

The stock of the company was owned by the Messrs. John L. Hoerber, Sr., and John L. Hoerber, Jr., of Chicago, and W. F. and F. G. Hoerber, of the city, the latter of whom have been in active charge of the business. The plant is located on Monroe street and the I. C. railroad crossing. It is a five-story, brick structure, and is one of the best plants in the south. It was erected by the Messrs. Hoerber five years ago, and has a capacity of 30,000 barrels a year. The company makes the Belvedere beer, in kegs and bottles,

INCREASE IN FIRE INSURANCE RATES

Advance of 50 Per Cent, Being Con-
sidered for Kentucky and Ten-
nessee.

Chicago, May 10.—The Tribune says: "Fire insurance rates in Chicago on all less desirable risks will be advanced 25 per cent, or more to reimburse companies that have suffered in the San Francisco fire."

"An insurance manager, speaking on rates outside of Chicago, said that there should be a flat advance of 50 per cent, in Iowa, Nebraska, Kansas, Missouri, Kentucky and Tennessee. It was noted that he represents what is known as a non-union company."

TORRICO PLANT BEDS ARE DESTROYED.

Logan County, Ky., Planters Suffer
At Hands of Unknown Parties.

Clarksville, Tenn., May 10.—News reached this city yesterday through Virgil Halley, a farmer of Logan county, Ky., that a number of plant beds belonging to farmers not members of association had been destroyed in that county. John Wall, K. H. Donnelly, Collier Lyness and Wm. Fletcher, all substantial farmers of that county are said to have had their beds entirely ruined by unknown parties. The work was done at night. It is reported that B. H. Sory, of Robertson county, has suffered a similar loss.

MANY STRIKING MINERS RETURNED TO WORK TODAY

Normal Output Hindered By Con-
ditions of the Mines.

Wilkesbarre, Pa., May 10.—An attempt was made to resume operations at most of the mines in the anthracite region today, but only about 70 per cent of the miners responded. The mines in many instances are not ready for full resumption and a normal output can not be reached until next week.

Graves Circuit Court Reversed.

Frankfort, May 10.—The court of appeals reversed the Graves circuit court on judgment in the case of the National Life Insurance Co. against L. B. Anderson. In the lower court he got judgment for \$400 on salary contract as agent for the appellant. The reversal is because of failure to give an instruction as to termination of the contract upon withdrawal of the company from the state.

Letter Was Suspended.

Chicago, Ill., May 10.—An announcement is made that Joseph Letter who carried on a spectacular "corner" in wheat eight years ago had been suspended from membership of the Chicago board of trade. Letter's suspension, it is said, was because of a complaint from a trader that a bill for \$8,000 for services rendered during the time of the wheat "corner" was in force was still unpaid.

Big Lockout of Men in Germany.

Berlin, May 10.—A lockout in the iron industry will begin tomorrow. Three hundred and twenty thousand men will be affected in practically all parts of Germany.

LIBERTY'S BIRTH IN DARK RUSSIA

Country's First Parliament To
day Opened by Czar.

He Read an Address to the Repre-
sentatives at the Winter
Palace.

DAY WAS WITHOUT TROUBLE.

St. Petersburg, May 10.—The city is gaily attired and the weather is fine for today's epoch making in the ceremony of opening the first parliament in Russian history. The streets are crowded but no crowds are forming owing to the strict orders to the contrary issued by the police. Access to the palace is barred by the Semenovsky regiment, which is keeping guard with guns loaded with ball and cartridges.

Emperor Nicholas at 11 o'clock left the Royal Palace at Peterhof where he arrived yesterday, for St. Petersburg. He was accompanied aboard the Royal Yacht by the czarina and dowager empress. Their yacht was docked at Nicholas bridge where the party disembarked. The czarina and dowager empress were driven to Winter Palace and the czar proceeded to the palace in a small cutter.

Grand Duke Nicholasvitch has been named as honorary president of the council of the empire, the appointive members of which are named by the czar.

Nicholas Reads an Address.

St. Petersburg, May 10.—Emperor Nicholas personally greeted the deputies in the Winter Palace at noon and proclaimed the duma in session. He read an address from the throne to the assembled representatives of the people. The delegates then repaired to the Tauride Palace, where the sessions of the duma will be held. The best of order prevails throughout the city.

Terrorists Declare for Peace.

St. Petersburg, May 10.—The dread that some unfortunate event might occur to mar the solemnity of the great day of Russia's new birth was largely dissipated last night when members of the radical revolutionary parties of St. Petersburg issued an announcement disclaiming any intention of attempting demonstrations and calling upon their fellows to refrain from displaying the red flag or singing the Marseillaise and to avoid all conduct that would tend to bring about a conflict with the police.

Witte's Absence Noted.

St. Petersburg, May 10.—The most sensational news of the day was contained in the announcement of the names of appointive members of the council of the empire, in which list Count Witte is conspicuously absent. No explanation is obtainable, but the omission of the former premier's name would seem to indicate either an open slight on the part of the emperor, or a determination on Count Witte's part to withdraw altogether from public affairs. In either case there is a complete break in the relations between the monarch and the servant whose monument is the national parliament, the laws for the creation of which were elaborated under his supervision. It is understood that Count Witte will leave immediately for a foreign country.

Goes After the Drug Trust.

Washington, May 10.—The federal government has filed suit against the drug trust on the charge of having apparently combined to control the prices at which proprietary medicines and drugs shall be sold to consumers through the retail dealers. Attorney General Moody issued a long statement giving reason for the action taken.

GENERAL STRIKE BEGINS IN ROME

Rome, May 10.—A general strike was begun today despite the almost unanimous opposition of socialists among the parliamentary deputies. The strike was organized as a protest against firing on the strikers. It is generally believed the strike will fail.

IMPROVEMENTS AT WALLACE PARK

Work About Completed and All
Ready for Summer.

Resort Will Take Its Place as One of
Paducah's Most Attractive
Features.

SOMETHING OF THE WORK

The street car company has about completed the improvements to be made at Wallace park this season, and the place is now indeed a very pretty park. With a good deal of natural beauty, all the work done in the way of improvements has been toward adding to what nature has done for the site and it is now one of the city's most attractive features.

New fences have been put up along the right of way in front of the ball park, as a measure of safeguard to the patrons, and a loop put in the tracks at the terminus in the park to switch the cars and trailers when handling long trains, and the track has been extended about 150 feet.

The fence that divides the wooded part of the park from the park proper has been taken down and the grounds thrown into one large tract. The wooded section of the park is probably the prettiest part of it and will be a revelation to nearly everyone. This has been cleaned up nicely, the water mains extended to it, and this summer should make an ideal place for picnic parties.

The Chautauqua grounds have been located just at the entrance to this part of the park, and the selection is an ideal one. The tents of the campers will be pitched in the woods and the speakers' platform will be to the east, with the seats to the east of it.

The lake has been doubled in size and will have a walk around it for a promenade. The bath houses will be located on an island in the lake, and the refreshment stand will be erected on the lake side.

Manager Bleeker has been very particular in regard to the water supply and has a number of very quaint cottages built in different parts of the park for the convenience of the public. The walks have been improved and a number of flower beds set out in different parts of the park. Around the band stand and the anchor poles. The lawn has been sodded where needed the trees trimmed and in every possible way the place improved until now it is about as pretty a rustic park as Paducah could desire.

The summer theater has been painted inside and out, and the floor in the dancing pavilion put in excellent condition for the summer season.

A large number of new settees and swings scattered throughout the grounds make it attractive as a resting place and a source of diversion. A golf link will probably be added as a feature, and probably some tennis courts, croquet grounds, and a number of attractions usual to parks such as merry-go-rounds, penny arcades and other concessions.

The weather has been too inclement for many people to visit the park yet, but Manager Bleeker is arranging a series of attractive entertainments, such as band concerts, the theater and other forms of diversion for the summer months. He has announced that the park will be open to everyone. It has a pretty drive winding through it from the Broadway entrance to the gate on Buckner's lane, and this will no doubt soon become a popular drive-way.

Much of the credit for the improvements is due to Mr. Wm. Malone who will have the management of the park and the summer theater this season. "We want to show the people of Paducah the first start in what will eventually be one of the prettiest parks in the South," Manager Bleeker said to a Sun representative. "The site has the natural beauties, and we have adopted a scheme for adding to nature beauties which when carried out, as we shall do from year to year,—you will appreciate the fact it cannot all be done in one season, will give us a park in which the people of Paducah will be as proud as we. We shall have park officials, whose duties will be to see that no improper characters are permitted on the grounds, to look after the conveniences of the people and to guard the property. We want to make this a great play ground for

the children of Paducah, and shall do everything we can toward that end."

PEACE AND ORDER ON ISTHMI ASSURED

The United States Will Take a Hand
in Case of An Insurrection.

Panama, May 10.—Governor Magoon this afternoon delivered to President Amador a copy of a communication he had received from Secretaries Root and Taft respecting the exercise by the United States of authority to maintain peace in the territory of the republic outside of Colon and Panama.

Taft says it will be improper to interfere in the internal affairs of Panama and to take steps to maintain peace in its territory in case an insurrection occurs; but as a revolution would obstruct the building of the canal, once the fact is established that Panama is unable to maintain itself—and a request from President Amador would be the best evidence of such fact—then it would be the plain duty of the United States to re-establish public peace and order.

TRACTION DEAL MADE.

Louisville and Indianapolis Syndicate
Buys Louisville Interurbans.

Cincinnati, May 10.—A traction deal, involving more than \$750,000 and the sale of the largest interurban trolley road operating out of Louisville has been consummated in this city within the past few days by a syndicate of Louisville and Indianapolis capitalists.

It was also announced that approximately \$2,000,000 has been raised through the financing of a Boston banking house for the extension of the present road into Frankfort, the state capital.

The road sold is known as the Louisville and Eastern and operates into the Pewee Valley. It was owned by H. H. Bechtel, of the American Oak Leather company, of this city, and a number of associates. The purchasers are F. M. Favre, C. Edgar Elliott and Harry H. Gates, of Indianapolis, and Percival Moore, of Louisville.

HEAVY PECULATIONS.

Of Clerk Forces Philadelphia Broker-
age Firm to the Wall.

Philadelphia, Pa., May 10.—The brokerage firm of Hession, Snyder & Company, announces a defalcation amounting to at least \$100,000 had been committed by Edwin S. Greenfield, a confidential clerk. The discovery was made by expert accountants employed to examine the books of the firm. The peculations have been going on, it is said, about six years. Greenfield has not been arrested, but is under surveillance. The firm today filed a petition in bankruptcy.

Hornblower Too Resigns.

New York, May 10.—Another big insurance head has been lopped off by the public sentiment guillotine. W. H. Hornblower has tendered his resignation as a member of the board of trustees of the New York Life.

ALL FIRE LOSSES WILL BE PAID

Gratifying Announcement by
Company With Frisco Risks.

Salvage Operations, Which Have
Been Held Up, Can Now Be
Pushed.

HARRIMAN SUGGESTS A WAIT

San Francisco, May 10.—Financial interest centers in the announcement made by the insurance companies that in the immediate future they would pay losses of the fire sufferers.

It is believed that most of the money will be put into general circulation, and when it is distributed will relieve the people of San Francisco as no other means could.

This news was welcome, not only to the policyholders, but also to the banks, that have been doing their best for the public with the resources at their immediate command, necessarily limited.

With the announcement that losses will soon be paid the insurance interests have made the concession that salvage operations on property swept by the flames may be proceeded with.

Policy holders may save anything they can find without fear of risking the loss of their claims for insurance.

To a great extent the work of demolishing walls and clearing away debris has been postponed because of the doubt regarding the attitude the insurance companies would take.

Heavy Damage.

San Francisco, May 10.—A survey by the underwriters shows the damage done to vessels at the Union Iron Works by the earthquake have been considerable. The two 500-foot long freighters, Mexican and the Columbian, in course of construction for the American-Islandian Steamship company, were found in their cradles and damaged to the extent of about \$15,000 each.

The Harriman Steamship Columbia on the dry docks was thrown on one side, wrecking the dock and damaging the vessel to the extent of \$100,000. The Columbia and the dock later sank and have not yet been recovered.

A pair of heavy shear legs fell on the City of Puebla, inflicting damages of about \$15,000. The Puebla will be in commission in about a month.

Damages at Frisco.

San Francisco, May 10.—The signal corps of the United States army is photographing San Francisco's ruins from balloons. A series of pictures is being taken, to be kept on file by the war department in Washington. Several hundred pictures have already been taken of the different buildings and an order sent for three balloons so that a complete panoramic picture of the city can be had.

FIRE IN GRAVES COUNTY.

House Burns Over the Heads of
Sleeping Occupants.

Mayfield, Ky., May 10.—The residence of E. C. Choat, on the farm of his father-in-law J. T. Willingham between Mayfield and Farmington burned to the ground Wednesday morning at about 1:30 o'clock.

When Mr. and Mrs. Choat awoke the roof was falling in and nothing at all was saved from the house. The loss is placed at about \$500, with no insurance.

A peculiar feature of this conflagration was that the fire, caught in a room in which there had not been a fire for over two months and the origin of the blaze is a complete mystery.

HARRIMAN DROPS A WAIT SUGGESTION.

New York, May 10.—E. H. Harriman, the great railroad magnate, has thrown a damper on the latest plans of financiers who propose to raise a quarter billion of dollars to rebuild San Francisco. He says "We will have to wait until the business men of San Francisco and the people themselves point out the basis on which credit can be asked for and be given."

LOCOMOTIVE ENGINEERS
CONVENE IN MEMPHIS

Sessions to Extend Through Four Weeks and Many Important Matters to Be Considered.

Memphis, May 10.—The seventh biennial convention of the International Brotherhood of Engineers met here yesterday in the Grand Opera House. The sessions of the convention will extend through a series of four weeks, and many important matters will be disposed of. The city is decorated in honor of the 5,000 delegates and visitors.

Today's session was called to order by Grand Chief Engineer W. S. Stone and was largely preliminary. After a brief address Mr. Stone appointed a committee on credentials with instructions to report at the morning session tomorrow.

This afternoon a public reception will be tendered the visitors, at which addresses of welcome will be delivered by Governor John I. Cox on behalf of the state, and Mayor James H. Malone for the city of Memphis. Other speakers on the program are Stanley Fish, of New York, president of the Illinois Central; A. J. Davidson, of St. Louis, president of the St. Louis & San Francisco railroad; George E. Evans, of Louisville, vice-president of the Louisville & Nashville railroad; and J. T. Harahan, vice president of the Illinois Central railroad.

HELD UP TRAIN HIT
NERVE FAILED THEM

Bold Attempt to Seize Fortune
From Canadian Pacific Proved
a Failure.

Vancouver, B. C., May 10.—The imperial limited was held up on the main line of the Canadian Pacific railway near Kamloops, 250 miles from here early yesterday. The robbers compelled the engineer to uncouple the mail car from the rest of the train and haul it a mile away where they rifled it of the registered letters.

The robbers were under the impression that the express packages were in the mail car but when they found that the express was in another car they had not nerve enough to go back for it and slipped away into the hills.

The robbery occurred near a small station called Farrer, between Kamloops and Ducks. Special officers have been sent up from Vancouver to pursue the robbers. The bandits made no attempt to interfere with the passengers.

EVENTFUL WEEK IN THE SCHOOLS

Will be Prominent in Entertainment and Social Affairs.

Class Day For Graduates—Reception by Juniors—Play for the Freshmen.

NEWS OF THE CITY SCHOOLS

The senior class Paducah High school, will this year have a "Class Day," and all numbers which have been eliminated from the regular commencement program, because of the fact that they were ancient and have been heard from year to year with no changes, will be programmed for Class Day. This has been arranged in recognition of the work of pupils who were not successful in capturing honors and whose work was above the average and deserved some notice.

Class Day will be held on the night of Wednesday, June 6th, preceding Commencement Night, June 7th, and the exercises will be held at the school auditorium. Such numbers as the giving away and receiving of the Spade, the implement of toll and honest work; the Class Prophet; Class Historian and Orations will be the features. There will also be musical numbers, class choruses and the fact everything eliminated from the commencement at several years ago will be given in its entirety in the Class Day entertainment.

Pupils who have done good work and won popularity in the schools are generally elected to the honors of Spade, Historian and Prophet. The officer known as the "Spade" gives away the spade to an honorary member of the Junior class. The Historian generally writes a humorous paper and the Prophet also has a humorous paper dealing with the futures of the class, each member individually.

These are to be followed probably next week, and active preparations for the entertainment will then begin.

Freshmen Entertainment.

The Freshman Class will also have an entertainment, and following the Freshmen entertainment will come a reception or demonstration of acrobatics by the combined Junior and Sophomore classes complimentary to the Senior class.

The Freshmen have decided to present a play. The play will be based on the story of Miles Standish, and the cast will be assigned this week. The play has three acts and eight scenes. Rehearsals will begin immediately. This will be the first entertainment to be given by the Freshmen as a class and will set a precedent which will likely be followed by classes in the future.

Junior Sophomore Reception.

Tuesday night, June 5th, has been given over to the Juniors and Sophomores, and reception to the Senior class will be given. The reception will be held at the High school and music will be a feature of the evening. The High school orchestra will play several numbers and refreshments will be served.

Newell-Gilbert Lecture.

Miss Virginia Newell, assisted by Prof. Harry Gilbert, gave a lecture on no interpretation of the Wagnerian opera "Parsifal" this morning at the High school. The lecture was interspersed by music from the opera. Prof. Harry Gilbert playing. It was one of the most pleasing lectures heard in the school auditorium this year.

Annual Meeting Friday.

The High school Annual will meet Friday afternoon at 4:30 o'clock at the Carnegie library to complete organization. The Annual will give a reception to the 1906 graduating class, and plans will likely be mapped out Friday afternoon after the business session is over.

Colored Commencement.

Following the white graduating class commencement the colored graduating class will hold its commencement. There will be the usual receptions and entertainments among the colored graduates and their families, and the week beginning June 11th will be an eventful one in entertainment and social life.

The Massacre.

Ames' single in center field turned the trick for Paducah yesterday, and made it possible for the Indians to maintain the lead taken in the penultimate game. It was a victory worthy of the boasting, as it was "anybody's game" until Ames made the lucky hit which won him his game.

The Indians started off with two runs to the good, but Danville followed shortly with three. It was first one and then the other to forge ahead, and the fans to the grand stand first rooted and then groaned. Probably no game ever brought forth the variety of rooting that yesterday's contest did, and the excitement was intense from start to finish.

Paducah scored two runs in the second inning. Haas drew four and Wetzel missed three. Perry doubled to deep left field, scoring Haas, and Miller popped out to second. Nippert drove a liner to center and the fielder failed to reach it. The ball bounded far into the field and Perry crossed the rubber at the same time Nippert landed on second base. Nippert died on Ames' strike out.

In the third inning Danville went three better. Frank Fleming missed three and C. Fleming drew a pass to first. Spencer caught one in the slats and Hayworth hit for three sacks to left field, scoring the two Flemings. Hayworth scored on Will's single. O'Connell fanned and Holycross bounded out to the infield.

In the fourth inning the Indians forged one run ahead. Haas was relieved by the infield and Wetzel and Perry drew passes to first. Miller fled out to right field and Wetzel and Perry were advanced to third and second by a passed ball. Nippert hit to second and the basemen let it go by, both runners scoring. Nippert was forced out at second on chafe from Ames' grounder.

In the fifth inning the Indians scored again. Taylor missed three and McClain walked. "Mack" stole second and third and scored on Will's single to left field. Haas sacrificed and Wetzel got a slap in the ribs. Wetzel was retired at second on Perry's force grounder.

In the following inning the visitors tied the game up, making two runs. O'Connell walked and Holycross sacrificed him but made safe on Ames' fumble of the bunt. Burrows sacrificed and Shaw singled, both runners scoring. Shaw tried to make second but was thrown out by McClain. Frank Fleming's strike out retired the side.

The seventh, eighth and ninth innings were filled with delicate situations for both teams, but the Indians "broke it up" in the tenth inning. Perry singled to left field and Miller followed, beating out a bunt. Perry and Miller pulled off a double steal and Perry started a home on Nippert's hit to the infield. The short stop headed to home and the catcher to third. Perry kept the outfielders busy with his work.

Miller made third in the melee. With Miller on third Ames walked up to the plate. It was a place where anything would have gone, a long fly or bunt. The Indians started to make the squeeze play, but Ames got hot. The little pitcher connected viciously with a wild ball and sent it with cannon ball speed at the pitcher. The twirler "side stepped" and Miller scored on the hit.

Shouts, cheers and hats in the air predominated over the groans from the Danville bunch.

Exit the fans.

An a pinch will exceed from Williams. Veach makes pitchers "pull the oyster."

No kicking against Veach yesterday. Wonder if "Pop" Farnbacher will cry "buth man" now?

Haas' hitting continues phenomenal. Miller came to the front with his war club yesterday, too.

The Danville team carries a few sacrifice hitters, no notice.

Several weak points in the Danville team are noticeable. The Danville team does not look like a pen and winning bunch to Paducah fans.

We are waiting patiently for Cairo. Bats are already being freely made in the coming Cairo-Paducah series.

Bert Haas has hit 151 and a fraction thereof in the seven games he has played. He has been at bat 22 times with 10 hits.

One thousand percent and still going strong. This is the prospect for the battling Indians, and the other towns in the Kitty League are keeping close eyes on Paducah. The fans all over the circuit are wondering if "Chief" Lloyd and his band of warriors are going to for another record-breaking run for straight games. We think they are, and from yesterday until the 18th, when the last home game is played this series, the contests will be hard fought indeed. Every team following Mattoon and Jacksonville is strong, and it means a hard fight from start to finish.

Fred Miller and Nippert for today's battery.

Ames was wild and put 'em over straight yesterday. The Danville boys could not hit them. Wonder what they will do with Miller's speed and curves and also Tadlock's steam and twisters, to say nothing of South's puzzlers?

Farnbacher sees it this way: "After is not near as strong as last season. The absence of Cooper, Forney, Dugan, Hippert and Lemon seems to have crippled the team considerably."

Any yet Pee Dee Gee expects to duplicate last year's stunt with the Hoosiers. We admire his loyalty, anyway.

Laying all jokes aside, if Wolfe is the better "Grandfather" Farnbacher will have us believe. President Thompson had better move the fence back and get a supply of shin guards.

TOMORROW (FRIDAY) IS LADIES' DAY.

"Big Chief" Lloyd is looking around for excuses to account for the debates he is to get at the hands of the Chaps in the latter part of the week."—Cairo Bulletin.

Pee Dee Gee should change his name to Pee Dee Quick—he is too quick to jump at a thing. The Indians will take care of that lead they have secured, and if the Hoosier aggression beats them it will be the Hoosiers' superior playing. We don't cry Hoosier. Show here if a game is won by hitting and fielding.

"The almost a check that Danville will get one or two games from Paducah. The Indians will not find the Old Soldiers' puddings, by any means, if they display the form shown here."—Cairo Bulletin.

Another one of Pee Dee Quick's mathematical stunts. Take another and you may be able to see "more things." Anyway it is "almost" after all and not a "clinch" or "sure thing."

SUMMER CONCERTS

MR. DEUL TRYING TO ARRANGE FOR SERIES OF BAND CONCERTS.

Would Give Two a Week in Business Part of the City During the Summer Months.

Mr. Wm. Deul is circulating a petition among the business men to raise a fund for a series of band concerts to be held down in the business part of the city during the summer months, beginning the first of June, and is getting many signers.

Mr. Deul proposes to give two concerts a week, and his efforts should meet with success. The people now days need diversions and a series of band concerts would prove about as popular as any thing that could be suggested, especially with those people who have not the time nor the money to spend to go to the park and summer theater.

MUCH IN FEW WORDS.

A plot to kill the jailer at Bedford Ind., was frustrated by one of the prisoners informing the officials that John Peters, one of the inmates, had a revolver and cartridges, which had been smuggled in to him.

Henry Prewitt, state insurance commissioner, has announced that he will oppose any effort by the insurance companies to reimburse losses from the San Francisco fire.

William H. Ross, recently ousted from office by the Kansas supreme court, was yesterday re-elected mayor of Kansas City, Kan., by a plurality of 3,690 votes.

Col. Frank Powell, a famous Indian scout, known as "White Beaver," died suddenly on a railroad train near El Paso, Tex.

Felipe Cuebas, collector of customs at San Juan, was drowned yesterday in Mayaguez harbor. He was a distinguished Porto Rican politician and planter.

Mrs. James Vanover yesterday shot, and seriously wounded Mrs. G. W. Noe, near Middlesboro, during an encounter, the cause of which is not known.

Mrs. James G. Blaine, the second, who was Miss Hichborn, daughter of Rear Admiral Hichborn, announces she is soon to leave Washington, her home, for Dakota with the view of seeking a divorce. This will be the second wife to discard Blaine, who is now living in New York City.

The insurance companies seem unable to decide upon whether they shall or shall not increase rates. There will be no uniform agreement whatever is done and a contest for business is promising.

JOIN THE SILENT.

Death Yesterday of L. C. Holland, a Young Man.

Mr. L. C. Holland, age 22 years, died at his home 1220 Bernheim avenue yesterday afternoon of consumption. He had been ill several months.

The deceased was born in Marshall county, but moved here when a child. He leaves parents, Mr. and Mrs. J. W. Holland, and five brothers. The body will be taken to Elva, Ky., for interment at Harrison graveyard this afternoon.

Mrs. J. M. Armstrong of Lowes' Cross Roads, died Tuesday and was buried yesterday.

ONLY TWO CASES.

Made Up the City Court Docket This Forenoon.

Two cases were docketed in police court this morning.

Pete Peterson, white, was fined \$25 and costs for breaking Albert Wyatt's nose. Peterson owed Wyatt \$1 and claimed he paid it. Wyatt claimed he had not and the two engaged in a quarrel, ending in Peterson's striking him on the nose with his fist.

J. H. Chappell, white, was fined \$1 and costs for drunkenness.

Rural Mail Routes in Kentucky.

The postoffice department announces that on May 1 there were 635 rural routes in full operation in the state of Kentucky, and 191 petitions for additional routes were pending. The routes now installed are distributed by congressional district as follows:

First, 114; Second, 104; Third, 69; Fourth, 80; Fifth, 23; Sixth, 51; Seventh, 68; Eighth, 51; Ninth, 59; Tenth, 12; Eleventh, 4.

The petitions pending are as follows by districts: First, 34; Second, 21; Third, 32; Fourth, 41; Fifth, 1; Sixth, 19; Seventh, 1; Eighth, 12; Ninth, 3; Tenth, 1; Eleventh, 26.

Altogether 1,207 petitions for rural routes in Kentucky have been filed, and of these 381 have been rejected.

PILES

Don't Suffer Longer, You Can Have Instant Relief and a Lasting Cure By Using Pyramid Pile Cure.

A Trial Package Mailed Free to All.

The rectum, like the mouth, is lined with that soft, satiny material known as mucous membrane. Piles is a disease of that membrane and the blood vessels that lie under it.

Fissure and Fistula affect the same membrane and belong to the same family. Pyramid Pile Cure slipped into the bowel, melt and spread them selves over the diseased and painful surface and not just as a salve would if the trouble was on the outside of the body and could be easily seen and gotten at.

The immediate relief they give even in the most agonizing cases will startle you, as it has already startled many thousands of "doubting Thomases" before you, who have tried everything and sent for the sample package, firmly convinced that they would again be disappointed.

But they weren't. They cure. They are for sale at all druggists at 50 cents a box and are worth an even hundred to the person who needs them.

Mr. John Byrne of 2306 Second Ave., New York City, writing under date of Jan. 17, 1906, says: "I received the sample and used it right away. I got so much relief from it after 29 years' suffering, that I bought a 50 cent box. The almost unbearable pain is almost gone and my fistula has almost disappeared. I had given up all hope of ever being cured. I assure you, gentlemen, I will use every effort to make any of my friends try them, as I can guarantee they are a sure cure."

Or if you want to prove this matter at our expense, before purchasing, send your name and address to the PYRAMID DRUG CO., 4618 Pyramid Building, Marshall, Michigan, and receive a trial package free by return mail.

THE CARPENTERS STRIKE.

Remains in Conditions Which Have Existed for Several Days.

From indications the striking union carpenters have won their battle against the bosses for an increased scale of wages, and while several principal bosses are still holding out, the strikers are sanguine and the latter will come around within a few days.

Some of the biggest contractors in the city held out against the strikers. Several "smaller fry" signed up as soon as the wage scale was presented. This gave the strikers encouragement and they refused to compromise in anyway. Monday the bosses met and delivered an ultimatum effective Wednesday saying that open shops would be run in event the strikers did not come to terms. No reply was made, as far as is known, and two of the biggest contractors the next day signed. This practically broke the lockout and the strikers expect to have the signature of all bosses before the week is out.

Those contractors who are supposed to be running open shops are not working any men today, it is said. They are Davis & Dunlap, Rouse, Karnes, Byrd, Ross, Gardner and Coleman.

TOLD TO HOE AND WATER IT.

Refricent of An Artificial Plant Evidently Thought It Natural.

A local mercantile firm is giving away artificial palms with purchases amounting over a specified sum as an inducement to purchasers to give it preference.

A stranger had reached the limit and was informed he was entitled to an artificial palm. While the clerk was preparing the gift for the purchaser, wrapping it in paper, the latter called the porter aside and held a mysterious conversation with him.

"The gentleman want too know of he kin cultivate hit; wants too know how he kin make at grow, and wot too do wif et," the porter announced to the clerk.

"Oh, just tell him to hoe it well and see that it gets plenty of water," the clerk replied, as he turned the plant over.

CLOSES TONIGHT

WITH THIS EVENING'S EXHIBITION THE CARNIVAL WILL END.

Bad Business and Other Reasons Are Given for This Decision—Parade Tonight.

The carnival will close tonight. This decision was reached this morning by the Paducah Carnival and Wild West company and is due to the dull business occasioned by the cold weather and the fact that a fight was made against a continuation of the shows this week.

The first week of the festival was unsuccessful because of the weather. Rain and cold weather interfered with the carnival except the first night, and the shows did next to no business at all. It is said that the shows will barely clear expenses. It is the first carnival given by the Paducah Carnival Association that has not been a success.

The companies will give a big parade tonight at 7 o'clock and will wind up the business for good. The remainder of the week will be spent in painting fronts and getting the attractions ready for the next stand.

DOUBLE AFFLICTION BY DEATH

Mr. Edgar, Taylor Lost Father Same Day His Wife Died.

Death's hand indeed fell heavily last Saturday upon Mr. Edgar Taylor, formerly of this place but lately of near Mobile, Ala., as on that day as has heretofore been announced in these columns, he lost his wife, Mrs. Fannie Taylor, from tetanus, and also, as is now learned, his father Mr. Jas. L. Taylor, of near Fulton. The particulars of Mrs. Taylor's death have been given and regarding Mr. Taylor's demise it is learned these facts:

Mr. Taylor had been out to kill some dogs that had been killing his sheep. On his way home he passed the home of Mr. Howard and stopped in for a few moments' conversation. As he left the house Mr. Taylor was seen to stagger and before he reached the gate he fell. When the stricken man was taken into the house life was extinct. The family was immediately notified and the remains taken to the home from which the funeral occurred Sunday afternoon. The deceased was 67 years old and an esteemed many years resident of Fulton county. He left several sons besides Mr. Edgar Taylor, and also several daughters.

TRICK BICYCLISTS

Will Do Some Stunts at Wallace Park This Afternoon.

Two trick bicyclists from New York who have been touring the South, were given permission to perform on the streets by Chief of Police James Collins this morning. The young men are excellent riders and secured permission from the baseball association to give a performance at the ball park preceding the game. They will probably perform at the park several days.

On the opening day of the league a physical culturist and his wife gave an exhibition after the game, and now comes the trick bicyclists.

It is not known what class of entertainment the fans will be given in addition to the ball games at the park in the future.

Was Member of Historic Conference.

Birmingham, Ala., May 10.—Dr. W. F. McMurray, pastor of the Centenary church, St. Louis, here attending the general conference, received a telegram Monday night announcing the death of Rev. J. C. Berriman, of Caledonia Mo., the last surviving member of the historic conference of 1844, when the great Methodist body divided and the Northern and Southern churches were formed. The general conference in its first day's session sent a telegram of greeting to Dr. Berriman at Monday's session, his reply citing the conference to the text, "I know that my Redeemer liveth," was received and read.

Died at the Railroad Hospital.

M. Coke Mucelle, age 34, an Italian who was brought here from Millington, Tenn., where he was employed as a section hand on the I. C. road, died last night in the local railroad hospital. He was admitted March 2 and had a very severe case of typhoid fever. He improved until a few days ago when he suffered a relapse. The body is being held pending word from Tennessee.

Death in Illinois.

Mrs. Mary Sanders, age 40 years, died in Unionville, Ill., last night of cancer. She leaves a husband, Chas. Sanders, and three brothers. The funeral will be held today, interment at Mt. Sterling cemetery in Illinois.

LINE IS REBUILT.

Illinois Central's Tennessee Line Will Be Noted as a Scenic Road.

The Illinois Central's line from Hopkinsville, Ky., to Nashville, Tenn. has been put in first-class condition. This eighty-four miles was formerly part of the Tennessee Central and was acquired by the Illinois Central last summer. As soon as the Illinois Central took it over swarms of laborers were put to work. All unnecessary curves were straightened, new heavy rails laid and fresh ballast put under the track.

The road from Hopkinsville to Nashville will be featured as a scenic line. The fifty-six miles from Clarksville to Nashville down the beautiful Cumberland river afford one of the most enchanting two hours' ride in the country.

MEETS NEXT IN MURRAY.

Southwestern Kentucky Medical Association Concludes Its Work.

The thirty-fifth annual meeting of the Southwestern Kentucky Medical Society came to a close yesterday afternoon. The last business being the selection of a place of meeting for next year. Murray, Ky., was selected for the 1907 meeting.

The meeting has been an excellent one. The attendance was unusually large and great interest taken in the work. There were comparatively few numbers on the program not rendered. Those which were cut out were necessitated by the absence of the principals.

The visitors were pleased with the entertainment given them and congratulated the local doctors on the success of the session.

DEVELOPS SMALLPOX.

Patient At Railroad Hospital Found Ill With Pest.

Yesterday J. J. Slaton, of Princeton, Ky., developed a case of smallpox in the Illinois Central hospital. The hospital officials immediately transferred him to the pest house maintained at the hospital and every precaution was taken to prevent the spread of the disease to any of the other patients with whom he had come in contact. He had been in the general ward with a number of other patients, but the case is a mild one and as all the patients were rigidly fumigated the possibility of the disease spreading is slight. Today Slaton is getting along all right.

MURDER WIFE TO SAVE HER FROM THE ASYLUM

After Killing Woman and Preparing Her for Burial the Frenzied Surrenders.

Newport News, Va., May 10. — Julian Pavlinic, an Austrian, 40 years old, working at the shipyard and residing on Maple avenue, came to police headquarters and calmly announced that he had killed, bathed and shrouded his wife, aged 36 years, at her request.

The murder occurred at the home about 4 a. m. and was done with a 22-calibre revolver, the husband emptying all seven shells into the woman's body. After preparing the body for burial alone in the early dawn, the man coolly gave himself up and told the story as if he had only shot a dog.

The victim of the tragedy for several years was a patient at the Eastern State hospital at Williamsburg, but was discharged in February last. According to the husband, the wife made him promise when she returned from the asylum that if she developed mania again he would kill her rather than let her go back to the mad house. In fulfillment of this promise he claims he shot her, she having developed insanity again.

The man seemed to have little appreciation of the enormity of his crime, as evidenced by his answers to questions. Asked if he realized the consequences to himself of such an act, he replied that he did, but that he would rather be dead than have to live with an insane wife again. When he was asked why he did not reload the weapon and kill himself then, he replied that he intended to do so, but that his nerve failed him. The man appears to be sane and self-controlled, save in so far as his crime indicates to the contrary.

Public Sale of Franchise.

Paducah, Ky., May 7, 1906.

I will offer for sale, at the city hall door, on the 30th day of May, 1906, between the hours of 10 and 12 o'clock a. m., a franchise for operating a street railway in the city of Paducah, in accordance with an ordinance recently passed ordering such amendments made thereto prior to sale, in harmony with such other such offering for sale, as the common council may deem expedient to them to enact.

The city reserves the right to reject any and all bids.

Daily Thought.

"No square peg was ever a success at filling a round hole. If you are a misfit, whistle off the corners, or find a square hole."

THE RUSSIAN DOUMA.

The Douma now assembling at St. Petersburg is in no proper sense a parliamentary body such as is known in other countries. It will have no power to initiate legislation and can only pass on the suggestions of the czar. The czar can dissolve it at his pleasure.

But, as says the Nashville Banner, cramped as the powers of this body may be, its assembling denotes a marked advance towards liberalism in Russia. Even to allow the chosen representatives of the people to assemble in a body of recognized legal standing is a great step forward. Some twenty years ago, or even within a shorter time, it would have been treason in Russia to have publicly expressed such opinions concerning governmental reforms as the large majority of the elected members of the Douma are known to hold. The fact that the people of Russia on the first opportunity to vote elected representatives favoring constitutional government is significant of a progressive sentiment that is likely to gain in strength until the czar shall be forced to yield to the inevitable.

The convening of the first popular assembly in Russia is a great event, and its novelty, as well as the momentous issues that seem to hang thereon, causes a tension of public feeling in St. Petersburg, where the populace have already been highly wrought upon by the occurrences of the past year. The danger to Russia is from the extreme factions and the peace and safety of the empire rest with the Moderate party. The Reactionaries will endeavor to have the Douma dissolved, but the Radicals would attempt to make such action a pretext for revolution. Already there is talk of plots to assassinate the czar when he goes before the newly-assembled parliament to make the speech from the throne. Nothing would prove a greater hindrance to the progress of liberal government than such an attempt.

If the bomb-throwing nihilist element could be entirely eliminated in Russia the advance towards a stable democracy would be more rapid and assured. The irrational radicalism of this element and its propensity to violence make reactionaries of many who do not distinguish between the extreme doctrines and those of the Constitutional Democrats. The Radicals, so far as the ultimate effect of their preaching and practice goes, are among the strongest supporters of autocracy.

The proceedings of the Douma, limited as its scope of action is, will be watched with great interest the world over. Its assembling marks an epoch in the history of Russia and Democratic progress in that country.

A DIMPLE MAKER.

Find a child with dimples and chubby arms and legs and you find a healthy child. Find one with drawn face and poor, thin body and you see one that needs Scott's Emulsion. Your doctor will no doubt tell you the child is fat-starved—its food is not nourishing it.

Nothing helps these thin, pale children like Scott's Emulsion. It contains the very element of fat they need. It supplies them with a perfect and quickly digested nourishment. Scott's Emulsion brings dimples and rounded limbs.

SCOTT & BOWNE, 409 Pearl Street, New York.

will have a visible influence in the wider field of world politics.

Col. Eph Lillard is to be bounced as warden at the Frankfort penitentiary. The "maschine" decided, it is stated, to cut his head off because of his support of Blackburn in the late senatorial contest, and now it is announced that the commissioners are to obey the commands. Eph Lillard's connection with the machine which came into power with the stealing of the governorship from Taylor merited him a continuous high place with the gang, but he grew just a few moments of his life, supported his friend Blackburn, and lost caste with the masters of those with whom he had so long trilled and presto! geis shelved. There can be no honor among such a crowd but to do the bosses' bidding constantly it seems.

They are now calling Mayor Tombs, of Lexington, the Carrie Nation municipal executive of the state. He has vowed to destroy the saloons literally which fail to obey the Sunday closing order enacted by the Lexington council, hence the nick-name given him. Let the infractors obey the law or go to the courts for contested rights. Mayor Tombs only reply to those who criticize his position on Sunday closing.

Chairman Shontz says the preliminary work on the isthmian canal is about complete. He also intimates that congress should decide upon the type of the canal that no harm shall come of any delay in the work. There is such a difference of opinion as to the way the canal shall be constructed that the promise is congress won't soon decide the matter. Shontz sees this condition and hence his fears.

There may be objectors among the royalists to the French republic but the people are with the government. This was manifested in last Sunday's parliamentary election. Now let the royalists subside, willingly or by force, and May day disturbances will turn into May day celebrations, as they should.

It is well to stand all the trusts up in the courts, but there is danger in getting too much work on hand at the same time. The prosecuting attorneys can be overworked as well as other people.

The spring trade is a most healthy one, from all reports, in spite of the weather. The country was never more prosperous.

WANTS TO BUILD SHIP.

Construction Bureau of U. S. Navy to Undertake Big Job.

Washington, May 10.—The construction bureau of the navy is willing to undertake to build the Leviathan 20,000 ton battleship provided for in the pending naval appropriation bill, and on the basis of the experience acquired in the construction of the battleship Connecticut at the New York navy yard, the constructors feel sure that they can execute the task with reasonable dispatch at a minimum cost. A careful estimate limits the time allowed for construction to forty-eight months, and the cost to be \$10,000,000. The New York navy yard is found to be the only place available and suitable for this work.

THE CIRCUIT COURT

ONLY A BRIEF SESSION OF BODY WAS HELD TODAY.

The Stone-News-Democrat Suit Healed in a Verdict for the Defendant.

Circuit Judge William M. Reed held a brief session of circuit court this morning. The docket has been caught up with, and court adjourned before 10 o'clock.

In the case of the Theodore R. Trondie Coal company against H. M. Cunningham, a judgment for \$75 was rendered for the plaintiff. He sued for \$150.

The case of Carl Post against Anthony Post was dismissed without prejudice.

The case of J. P. Thornton against the Paducah Traction company was dismissed without prejudice.

The jury returned a verdict for the defendant yesterday afternoon in the case of Sam Stone against the Democrat Publishing company.

Stone sued for \$5,000 damages for libel, and the case has been in the courts for more than two years, first being instituted against John Melone then editor of the paper. Stone was arrested and taken to Crittenden county where it was discovered he was the wrong man. The publication of a bit of police record of Elden Stone, the person really wanted, was alleged to have reflected on the father, who brought the suit.

The suit of Edward Alexander against the Paducah City Railway was continued until next term. He sues for damages for the death of his baby who was run over and killed by a street car.

The case of F. G. Rudolph, administrator of Pink Underwood, against the I. C. road for \$25,000 damages, was continued until next term.

Deeds Filed.

The Paducah Gas Lighting Co. to James C. Uterback, for \$5 and other considerations, property on North Third street.

Inez Eaves and others to Lizzie G. Bozell, for \$300, property near Eleventh and Jones streets.

George C. Hughes to E. W. Whittemore, for \$1 and other considerations, property in the Murrell West End addition.

E. W. Whittemore to G. W. Hughes for \$1 and other consideration, property in the Watta' boulevard addition.

Justice J. J. Bleich's Court.

Riley Pitman, white, was yesterday afternoon fined \$10 and costs by Justice J. J. Bleich for abusing his wife. He was dismissed of the charge of flourishing a gun about Ed Garrett. Pitman and his wife have separated and he remonstrated when Garrett accompanied her home from the carnival last week.

County Judge R. T. Lightfoot was ill today and unable to remain at his office. He is suffering from fever.

DRUNK: MUST NOT BE HANGED

Murderer Saved From Noose By Decision of Colorado Supreme Court.

Denver, May 10.—Patrick Brennan of Leadville escaped the hangman's noose today when the state supreme court decided that a drunken man should not be held responsible for the degree of his crime. The decision, which reverses the lower court and orders a new trial, enunciated a principle new in judicial practice in this state, that "the degree of the crime depends upon whether the killing was premeditated and the question of drunkenness becomes material in determining whether the person was capable of premeditation." Brennan killed Sarah Lowmyer, whom he was to have married because an old suitor reappeared. The lower court refused to make allowance for his intoxication.

THE ALDERMEN ARE TO HOLD A REGULAR SESSION.

Matter of Passing the Municipal Ownership Question to People Comes Up.

The aldermanic board will meet tonight in regular session with a great deal of business to transact. The matter of placing the matter of voting bonds for municipal ownership of water and light plant will be the most important matters to come up.

The councilmanic board consumed over three hours Monday night in the transaction of its business, and all its work will have to come before the upper board for ratification. There will be a great deal of routine work in addition to the important matters and the meeting will likely last several hours.

While Americans take great pride and pleasure in being called "strenuous people," it is perhaps not generally appreciated that a great many injure themselves physically—wreck nervous systems, invite premature wrinkles, gray hairs and infirmities by the hurry, worry way in which they live, neglecting in many instances proper care of the body and letting the real pleasures of life escape as a forfeit. Unrestrained strenuousness means neurasthenia ultimately.

Neurasthenia is nerve-exhaustion and that means inefficiency of the body to carry on vital functioning. Nerve centres lag; debility ensues; listlessness and fatigue reign. Pain may be felt in the back; fullness or pressure at the top of the head; sleep is broken and without refreshment; digestion notably is weak and loss of appetite, constipation and distress after eating are the rule. The headache of neurasthenia is like a band around the head; ordinarily is worse in the morning and better towards the end of day, and is probably the most common of all headaches which come for treatment.

Now, drugs do not help neurasthenia; that is admitted; and physicians have long been accustomed to send their neurasthenics away from the cities to the mountains, seashore, abroad or anywhere to find new scenes and enjoy tranquil restoration. But that is expensive and there is a surer, quicker and better as well as less costly way—Osteopathy.

Osteopathy cures neurasthenia, which is but another name for nervousness, by stimulation to the nerves and the circulation.

I can show you to your satisfaction in a very few minutes why osteopathy is the same rational cure for all diseases of the nerves.

Come to see me at any time between the hours of 9 and 12 in the forenoon and 2 and 5 in the afternoon. Dr. G. B. Proage, 516 Broadway. Phone 1407.

Longshoremen's Strike is Off.

Cleveland, Ohio May 10.—The conference held yesterday resulted in a calling off of the longshoremen's strike here and at other ports. This morning the strikers all returned to work and there has been the usual movements among steamers. The settlement effected is subject to arbitration measures.

Want the Arrests Rushed Up.

Berlin, May 10.—The authorities of Metz will not allow further details of the arrest of anarchists accused of plotting to kill Emperor William during his coming visit to the palace at Urville to become public. All newspapers are requested to ignore the matter. The prisoners arrested yesterday are still in custody.

I have this day sold to E. E. L. Mosher & Co., all fixtures and stock contained in building at Second and Broadway known as Hotel Lagomarsino. All parties holding bills against L. A. Lagomarsino will present them at once for payment.

L. A. LAGOMARSINO.

Sanitation Hints.

Good sanitation for 1906 should be your motto.

Clean your premises, keep them clean and sprinkle with lime.

Screen your doors and windows and keep out the housefly, the most dangerous of pests. It carries disease and infection.

The most effective money spent in advertising Paducah will be that spent in cleaning and draining it. Every citizen can help to do this, in their own way.

No mosquitoes, no malaria. A clean city no danger of yellow fever and typhoid.

A Central Park for a good morning breath.

Sore Lungs

We want everybody who has a hard cold in the chest to use Ayer's Cherry Pectoral. Our long experience with it, over sixty years, tells us there is nothing its equal for coughs, colds in the chest, bronchitis, hoarseness, sore lungs, weak throats, and weak lungs. Doctors tell us the same thing. Ask your doctor about it. We have no secret! We publish the formulas of all our medicines. J. C. Ayer & Co., Lowell, Mass.

THIS is the new Lipton, and a handsomer, more stylish shoe was never brought out by any shoe manufacturer. Made by Flosheim in patent kid, patent colt and gun metal, both button and lace. Its the kind of shoe which would satisfy any man. The Oxford's the thing for this season.

MOUNT WASHINGTON IS SOLD.

Tract Including Famous Peak May Be Made Forest Reserve.

Lancaster, N. H., May 10.—Seventy thousand acres of timber land, including Mount Washington, the most famous peak of the White Mountains, were transferred by Robert Osgood to the Garland Cobb & Stahl company, a lumbering concern. The consideration was about \$750,000. Mount Webster also is included in the area, which lies in Coos and Carroll counties. Mr. Osgood bought the land last July under a mortgage sale in the settlement of the affairs of the Hartlett Lumber company. Whether the new owner will cut over the tract is uncertain. They are New Hampshire business men, who are known to be interested in forest preservation, and the opinion obtains that their purpose is to secure this tract as the nucleus of a White Mountain reservation.

Ousted for Heresy.

Rochester, N. Y., May 10.—Algeron S. Crapsey, the Protestant Episcopal minister accused of heresy, was found guilty by the ecclesiastical court before which he was tried at Hatavia. Only one of the five members of the court refused to accede to the verdict. The decision goes into effect at once.

Gorman Still Improves.

Washington, May 10.—Senator Gorman's condition is reported improved today.

\$75 FOR THE PRETTIEST YARDS IN PADUCAH.

The Sun offers a prize of \$10 cash for the prettiest yard in each of the six wards of Paducah, the residents within a half mile of the city limits being deemed eligible for the contests.

Besides these prizes for the different wards, an extra prize of \$15 cash will be given for the prettiest yard in the city at large.

The Sun offers these prizes to stimulate an interest in handsome yards.

The contests will be decided July 15, by a committee to be selected at a later date.

The only condition of the contest is that entries must be subscribers of The Sun.

TWO SNEAK THIEVES CAUGHT.

One Being Held by His Victim Attempted a Fruitless Bluff.

Charles Wade, colored, alias "Snake" Wade, and "Duke" Byrd colored, were arrested this morning shortly before noon by J. R. Culp, a farmer of the county, and Officer Cross, for petty larceny, and Wade who is a well known character in the courts, met his Waterloo. In the big farmer who was directed to "hold" him while the officer went after the partner.

Culp was seated in his spring wagon preparing to start for home. He was in the city scale yard and Wade called his attention to a wire fence demonstration being made in the yard. When the farmer looked around a few minutes later he missed his shoes which he had in the wagon.

The matter was reported to the police and in company with Officer Cross the farmer began hunting for the negroes. They found them and Wade dropped the shoes, trying to avert suspicion. The other negro ran. The officer told Culp to hold Wade while he caught the runner. Wade tried to bluff the farmer, but Culp picked him up and sat him on a market bench and Wade remained there. No bluffs went with the farmer and Wade was aware that he was up against it.

Byrd was caught later and the two will be tried tomorrow morning in police court.

HABIT-FORMING MEDICINES AND DRUGS.

Whatever may be the fact as to many of the so-called patent medicines containing injurious ingredients as broadly published in some journals of more or less influence, this publicity has certainly been of great benefit in arousing needed attention to this subject. It has, in a considerable measure, resulted in the most intelligent people avoiding such foods and medicines as may be fairly suspected of containing the injurious ingredients complained of. Recognizing this fact some time ago, Dr. Pierce, of Buffalo, N. Y., "took time by the forelock," as it were, and published broadcast all the ingredients of which his popular medicines are composed. Thus he has completely forestalled all harping critics and all opposition that might otherwise be urged against his medicines, because they are now or known composition. Furthermore, from the formula printed on every bottle wrapper, it will be seen that these medicines contain no alcohol or other habit-forming drugs. Neither do they contain any narcotics or injurious agents, their ingredients being purely vegetable, extracted from the roots of medicinal plants found growing in the depths of our American forests and of well recognized curative virtues.

Instead of alcohol, which even in small portions long continued, as in obstinate cases of disease, becomes highly objectionable from its tendency to produce a craving for stimulants, Dr. Pierce employs chemically pure, triple refined glycerine, which of itself is a valuable remedy in many cases of chronic disease, being a superior demulcent, anti-septic, anti-ferment and supporting nutritive. It enhances the curative action of the Golden Seal root, Stone root, Black Cherry bark and Bloodroot, contained in "Golden Medical Discovery," in all bronchial, throat and lung affections attended with severe coughs. As will be seen from the writings of the eminent Dr. Grover Cox, of New York; Bartholow, of Jefferson Medical College, Philadelphia; Scudder, of Cincinnati; Ellingwood, of Chicago; Hale, of Chicago, and others, who stand as leaders in their several schools of practice, the foregoing agents are the very best ingredients that Dr. Pierce could have chosen to make up his famous "Discovery" for the cure of not only bronchial, throat and lung affections, but also of chronic catarrh in all its various forms in whatever part of the system located.

By reading the writings of these eminent medical men contained in the little booklet recently compiled by Dr. H. Y. Pierce, of Buffalo, N. Y., which will be sent free, on request by postal card or letter, addressed to him, as above, the reader will find that all the several native medicinal roots entering into the "Golden Medical Discovery," as also into Dr. Pierce's Favorite Prescription, for woman's weaknesses and peculiar ailments, are very highly recommended and praised as cures for diseases for which Dr. Pierce advises these famous medicines of his preparation.

Dr. Ellingwood says of Golden Seal root, which is an important ingredient in both "Favorite Prescription" and "Golden Medical Discovery," "It is an important remedy in disorders of the womb." He continues, "It cures catarrhal conditions, especially in fibroid, muscular relaxation and general enfeeblement, it is useful." Prof. Scudder, Int. of Cincinnati, says of Golden Seal root, in relation to its general effect on the system, "There is no medicine in use about which there is such general unanimity of opinion. It is universally regarded as the tonic, useful in all debilitated states." Dr. Bartholow says that Golden Seal root is "valuable in uterine hemorrhage (bleeding), hemorrhagia (flooding) and congestive dysmenorrhea (painful menstruation)." Prof. John King, author of the AMERICAN DISPENSATORY, says of Black Cohosh root, another ingredient of "Favorite Pre-

scription," "In dysmenorrhea (painful periods) it is surpassed by no other drug, being of the greatest utility in irritative and congestive conditions of the uterus and appendages characterized by tensile, dragging pains resembling the pains of rheumatism." He continues, "It is a good remedy for the nervous (side) aches of unmarried women." He also recommends it for uterine leucorrhoea, also for sterility. He further says, "Its action is slow, but its effects are permanent." He also recommends this agent for his Vitus's dance, also for many rheumatic conditions, as does also Robert H. Hare, M. D., professor in the Med. Dept., University of Pa. Other agents entering into the "Favorite Prescription" are equally praised in the little book of extracts from prominent medical authors whose published works are consulted by physicians of all the several schools to guide them in prescribing.

"Golden Medical Discovery" as also Dr. Pierce's Favorite Prescription may be relied upon to cure all the diseases and more than all the other medicines of the above eminent physicians, for they are so compounded that each ingredient acts in harmony with all the others, and also enhances their curative action, and may be taken conjointly in alternate doses with great advantage.

The most intelligent people are fast coming to the conclusion that it does not pay and is not safe to resort to medicines of doubtful composition when there are those in the market every ingredient of which is published on their wrappers and which are so strongly praised and endorsed by scores of the most eminent in the medical profession. Secret adulterations can, of course, have, no such professional endorsement.

In favor of Dr. Pierce's medicines is the frank, candid, open, honest statement of their full composition, giving every ingredient in plain English, without fear of successful criticism and with confidence that the good sense of the afflicted will lead them to appreciate this honorable manner of confiding to them what they are taking into their stomachs when making use of these medicines.

Dr. Pierce feels that he can afford to take the afflicted into his full confidence and lay all the ingredients of his medicines freely before them because these ingredients are such as are endorsed and most strongly praised by scores of the most eminent medical writers of all the several schools of practice as cures for the diseases for which these medicines are recommended.

Your druggist sells the "Favorite Prescription" and also that famous alternative, blood purifier and stomach tonic, the "Golden Medical Discovery." Write to Dr. Pierce about your case. He is an experienced physician and will treat your case as confidential and without charge for correspondence. Address him at the Invalids' Hotel and Surgical Institute, Buffalo, N. Y., of which he is chief consulting physician.

It is as easy to be well as ill—and much more comfortable. Constipation is the cause of many forms of illness. Dr. Pierce's Pleasant Pellets cure constipation. They are tiny, sugar-coated granules. One little "Pellet" is a gentle laxative, two a mild cathartic. All dealers in medicines sell them.

BOARD OF WORKS

AUTHORIZES ORDINANCE PERTAINING TO CONTRACTORS' METHODS.

Against Street and Pavement Blocking—Water Company Orders—Traction Company Privileges.

The board of public works met yesterday afternoon and transacted a great deal of routine business.

The board recommended a new ordinance governing the erection of buildings in the city limits. Contractors under the present ordinance may store material on the sidewalk and use half the street in mixing mortar, etc. In large cities contractors are required to store material and mix mortar inside the lot on which they are building, and this will be done in Paducah if the board of works' idea is carried out.

The board also authorized the drafting of an ordinance pertaining to the erection of poles and overhead telegraph and telephone and electric wires in the city.

The Paducah Water company was instructed to properly repair streets where excavations had been made for water mains, and also to secure the proper permit from the city engineer when any excavating was necessary, a matter the company has been neglecting.

The report of a judgment secured by Rudolph Stelt against the city of Paducah for damages of \$50 for indignities in Tyler, was received but no action taken.

Several defects in drainage in the city were referred to the street department.

The Paducah Traction company was permitted to run a spur track from Tenth and Madison streets to facilitate the handling of steel rails. The track is about being merely one necessary to bring street cars parallel with cars on the railroad.

A bond from the steam heating company was filed. It is to insure against damages to streets which are being dug up by the company in extending or repairing pipes.

Repairs were ordered made to the motor at the sewerage pumping station.

The police commissioners were requested to compel patrolmen to secure warrants against any and all persons found tearing up streets without the proper permit.

The Paducah Traction company was permitted to erect poles on South Third street.

Saddle Horses at the Top.

From Farmer's Home Journal of May 5, we note that Col. David Castleman of Clifton farm, near Louisville, has sold the 3-year-old saddle stallion "The Moor" No. 1907, to Gen. Wm. Palmer of Colorado Springs for \$7,500.

"Another good sale of Kentucky saddle horses was made in New York this week. The consignment was from Shelby T. Harrison, of Lexington. The top price was \$1,250 for the gelding, Little Acorn. Big Oak brought \$1,025. The pair, Escort and Gallant, sold for \$1,250. Ben Greet brought \$700, Tolu \$900 and Sennor \$700."

Also that "At Durand's New York Horse Show, in the saddle class, Patie Palmer won first. She is by Chester Dare No. 10, fourth dam by Duluth." This saddle blood, in its highest perfection, is represented in this section of Kentucky by James M. Lang's horse Rebel Dare No. 1884, by the great Chester Dare, dam by a son of Red Squirrel, second dam by Duluth. Rebel Dare, while the highest bred horse, is also said to be the best saddle horse in Jackson's Purchase.

CAPT. BPH. LILLARD

WILL BE REMOVED AS WARDEN OF FRANKFORT PENITENTIARY.

Board of Prison Commissioners Has Decided This and Has Selected Successor.

Frankfort, Ky., May 10.—Authoritative announcement is made here of the impending political doom of one of the most picturesque figures in Kentucky politics, Capt. Eph. Lillard warden of the Frankfort penitentiary.

At the next meeting of the prison commissioners Capt. Lillard will be removed and another man appointed to the place. Capt. Lillard's successor has been agreed upon, but his name is withheld for the present. It is stated, however, that applications for the place are useless, as a decision has been made.

Mr. Lillard first came into state prominence as a member of the famous quartet which chanted "Trouble in the Land" and held up the arms of Jo Blackburn during the memorable Blackburn-Hunter contest in 1896. When the board of prison commissioners was created Capt. Lillard was appointed warden of the Frankfort penitentiary. In the last contest for senator, Mr. Lillard supported Blackburn up until the day before the nomination. Then he showed symptoms of switching, but this came too late to save him. Since the adjournment of the legislature Mr. Lillard's friends have been trying to save him, but it is announced today that the matter is closed and Mr. Lillard will have to go.

The former order of removal will be entered at the meeting of the prison commissioners on the first Tuesday in June in Frankfort.

BIG BUSINESS DEAL MADE IN GRAVES COUNTY.

Fifty-Five Shares in Clay Switch Stock Sold for \$24,750.

Mayfield, Ky., May 10.—Probably the largest deal that has been consummated in Mayfield for many years took place today when 55 shares of stock of the Kentucky Construction and Improvement company, known as the Cooley Clay Switch belonging to C. P. Hudson, of Paris, Tenn., were purchased by H. C. Howden, J. N. Headles, W. W. Headles, J. N. Harri and W. Jeffrey, all of Mayfield. The price paid for the valuable property is \$24,750. This sale means that the stock given at \$100 sold for \$150 a share.

This now leaves besides the new connections with the firm, Mrs. M. C. Cooley, who owns 81 shares and J. N. Stanfield who has three shares.

Mr. Howden, one of the new members of the company shortly after the trade was closed, said that the business would be conducted along the same plans as has been in the past except that it would be on a much larger scale and that many substantial improvements would be made.

Mr. J. N. Cooley, who has been the efficient manager and who is responsible for the magnificent success of the concern, will remain in his same capacity.

Found a Strange Cure.

Augusta, Ga., May 10.—A prominent business man here had suffered for many months with the first finger on his right hand which had become crooked and stiff at each joint, and very annoying. He had tried many kinds of liniments and lotions, but without avail. One day while sitting at his desk he broke the little gutta-percha button on the incandescent light, and when he turned the current on, noticed that the exposed metal afforded a slight and not unpleasant shock. While sitting at the desk from time to time he formed the habit of frequently playing with this little discovery holding the metal between his thumb and first finger. One morning he found that the finger which had been so long immovable was beginning to loosen up. From that day on he made a habit of treating his ailment daily with the little electric current, and effected a complete cure.

HARRY CLARK ARRESTED IN DEXTER, MO., ON CHARGE

Said to Have Stolen \$100 Worth of Goods From a Carnival Man Here.

Harry Clark, white, alias "Slick," was arrested today in Dexter, Mo., by order of Chief of Police James Collins, of this city, for grand larceny. He will be brought back at once to stand trial. Clark came here with the carnival company, and it is alleged he stole about \$100 worth of opera glasses, pistols, watches, etc. from one of the concession men connected with the carnival.

Chief Collins began tracing the fugitive and succeeded in locating him in Dexter. Detective T. J. Moore will leave tonight to bring Clark back to Paducah. It is understood he will return without a requisition.

O O O O O O O O O O
O
O SOUTHERN COLLEGE
O HONORS THE FLAG.
O
O O O O O O O O O

It has often been suggested that patriotism and a love for the flag be made a part of the daily curriculum of the local schools. A flag should be in every building and the students trained to especially honor it. This is done in some of the eastern public schools, but it remains for a southern college in the state of North Carolina to do it most completely. Dr. J. C. Kilgo, of Trinity College, of Durham, N. C., is loyal to the flag and he has floating above the main college building a large United States flag. Every day at a fixed hour this flag is lowered and the large college bell which can be heard for miles is tolled and it has become the custom of all that community for the countymen to stand with uncovered heads while the bell tolls, no matter how far distant he may be from the town or college. The flag is replaced each year, every class having its own flag, and thus the students are not only trained in the arts and sciences, but they are instilled with patriotism and love and honor of the old flag.

This is the college where Mr. Wilson Puryear of this city graduated, and where Dr. Edwin Mims, well known in Paducah, has a chair of literature and history. It is a Southern Methodist institution and Dr. Kilgo is a Southern minister and is prominently mentioned as one of the four bishops to be created by the general conference now in session at Birmingham, Ala. This college has a very fine educational exhibit at the conference now, among which are a number of books written by professors and instructors of the college. In this list is the life of Sidney Lanier by Edwin Mims, and another book is by John Spencer Bassett, the man who startled all North Carolina and the larger portion of the south by declaring that Booker Washington was the greatest man of the age, or words to that effect.

REAL INDIANS HERE.

Two Families of Seventeen Members Are Camped in Mechanicsburg.

Two families of genuine Indians are attracting a great deal of attention in Mechanicsburg.

There are two men and two women and the two couples have a total of 17 children. They have been in Paducah some time, having come overland in wagons, and possess a great deal of fine stock. One of the Indians is well supplied with money judging from the roll of bills he carries about with him and they seem to have no business in particular. They swap or trade horses when they can get a trade their way, but do not seem particularly inclined to make trades. Their stock seems to be very fine, and local horsemen are taking a great deal of interest in their visit here.

They are camped in regular Indian fashion but wear the conventional dress of civilization. They came here from Indian Territory, it is said.

DARING PLOT

TO BLOW UP THE RUSSIAN EMBASSY IN PARIS DETECTED.

Brought to Light Through Killing of Man Near Paris by a Bomb.

Paris, May 10.—The police in arresting 12 students prevented the execution today of what is said to be a daring plot for the destruction of the Russian embassy here and blowing up of the residence of Grand Duke Vladimir and Boris. On the students arrested elaborate plans of the Russian embassy were found. At the house where the arrests were made the police found the infernal machines which were to be used. Exposure of the plot resulted from a cipher letter found on the body of the Russian student killed in the bomb explosion May 2.

HOME OF FRIENDLESS.

Board of Managers Make Public Its Position on Entertainments.

The managers of the Home of the Friendless, at their meeting yesterday, decided that they could not in accordance with previous action taken by the board and published in the papers, accept the generous proposition of the carnival management to donate one-half of the gate proceeds Tuesday evening, May 8th to the Home.

On several occasions the Home had been advertised in connection with business and amusement enterprises without the knowledge and consent of the managers; this in some instances had proved embarrassing, and to avoid further annoyance the board at a regular meeting about one year ago resolved by a unanimous vote to decline to accept the proceeds from any public entertainment raffle, or scheme of any kind, that had been instituted without a consultation with, and the approval of the board.

The Home is indebted to the Carnival Association for many kindnesses not the least of these being the free passes to all the shows given to the 27 children on Thursday of last week.

The little ones were royally treated and they greatly enjoyed the clean delightful entertainment.

Not All a Myth.

The joke papers have perhaps exaggerated the negro's fondness for chicken, but an incident occurred at the passenger depot this morning that showed it is not all myth. A crate of chickens being expressed

somewhere was knocked about in such a way as to allow one of the chickens to escape. A sleek, well-fed looking negro, dressed evidently for a journey, asserting that whenever a chicken got loose it belonged to whoever caught it, set about that task with a skill that inevitably showed former practice, and soon had the chicken captive. A last glance at the situation showed the negro with the chicken in his pocket, but later on he returned it to the man where it had escaped, very reluctantly, however.

HARRY CLARK ARRESTED IN DEXTER, MO., ON CHARGE

Said to Have Stolen \$100 Worth of Goods From a Carnival Man Here.

Harry Clark, white, alias "Shick," was arrested today in Dexter, Mo., by order of Chief of Police James Collins, of this city, for grand larceny. He will be brought back at once to stand trial. Clark came here with the carnival company, and it is alleged he stole about \$100 worth of opera glasses, pistols, watches, etc. from one of the concession men connected with the carnival.

Chief Collins began tracing the fugitive and succeeded in locating him in Dexter. Detective T. J. Moore will leave tonight to bring Clark back to Paducah. It is understood he will return without a requisition.

O O O O O O O O O O O O
O SOUTHERN COLLEGE O
O HONORS THE FLAG. O
O O O O O O O O O O O

It has often been suggested that patriotism and a love for the flag be made a part of the daily curriculum of the local schools. A flag should be in every building and the students trained to especially honor it. This is done in some of the eastern public schools, but it remains for a southern college in the state of North Carolina to do it most completely. Dr. J. C. Kilgo, of Trinity College, of Durham, N. C., is loyal to the flag and he has floating above the main college building a large United States flag. Every day at a fixed hour this flag is lowered and the large college bell which can be heard for miles is tolled and it has become the custom of all that community for the countrymen to stand, with uncovered heads while the bell tolls, no matter how far distant he may be from the town or college. The flag is replaced each year, every class having its own flag, and thus the students are not only trained in the arts and sciences, but they are instilled with patriotism and love and honor of the old flag.

This is the college where Mr. Wilson, mayor of this city graduated, and where Dr. Edwin Mims, well known in Paducah, has a chair of literature and history. It is a Southern Methodist institution and Dr. Kilgo is a Southern minister and is prominently mentioned as one of the four bishops to be created by the general conference now in session at Birmingham, Ala. This college has a very fine educational exhibit at the conference now, among which are a number of books written by professors and instructors of the college. In this list is the life of Sidney Lanier by Edwin Mims, and another book is by John Spencer Bassett, the man who started all North Carolinians and the larger portion of the south by declaring that Booker Washington was the greatest man of the age, or words to that effect.

REAL INDIANS HERE.

Two Families of Seventeen Members Are Camped in Mechanicsburg.

Two families of genuine Indians are attracting a great deal of attention in Mechanicsburg.

There are two men and two women and the two couples have a total of 17 children. They have been in Paducah some time, having come overland in wagons, and possess a great deal of fine stock. One of the Indians is well supplied with money judging from the roll of bills he carries about with him and they seem to have no business in particular. They swap or trade horses when they can get a trade their way, but do not seem particularly inclined to make trades. Their stock seems to be very fine, and local horsemen are taking a great deal of interest in their visit here.

They are camped in regular Indian fashion but wear the conventional dress of civilization. They came here from Indian Territory, it is said.

DARING PLOT

TO BLOW UP THE RUSSIAN EMBASSY IN PARIS DETECTED.

Brought to Light Through Killing of Man Near Paris By a Bomb.

Paris, May 10.—The police in arresting 12 students prevented the execution today of what is said to be a daring plot for the destruction of the Russian embassy here and blowing up of the residence of Grand Duke Vladimir and Boris. On the students arrested elaborate plans of the Russian embassy were found. At the house where the arrests were made the police found the infernal machines which were to be used. Exposure of the plot resulted from a cipher letter found on the body of the Russian student killed in the bomb explosion May 2.

HOME OF FRIENDLESS.

Board of Managers Make Public Its Position on Entertainments.

The managers of the Home of the Friendless, at their meeting yesterday, decided that they could not in accordance with previous action taken by the board and published in the papers, accept the generous proposition of the carnival management to donate one-half of the gate proceeds Tuesday evening, May 8th to the Home.

On several occasions the Home had been advertised in connection with business and amusement enterprises without the knowledge and consent of the managers; this in some instances had proved embarrassing, and to avoid further annoyance the board at a regular meeting about one year ago resolved by a unanimous vote to decline to accept the proceeds from any public entertainment raffle, or scheme of any kind, that had been instituted without a consultation with, and the approval of the board.

The Home is indebted to the Carnival Association for many kindnesses not the least of these being the free passes to all the shows given to the 27 children on Thursday of last week.

The little ones were royally treated and they greatly enjoyed the clean delightful entertainment.

A Fight Ends in a Cutting.

Evie Hixson, a colored bell boy at the Palmer house, and one of the clerks in the Columbia engaged in a fight shortly after dinner today in the side hall of the Broadway entrance of the hotel, and the colored boy was cut with a knife in the side, inflicting a small wound. It could not be learned what the difference was between the two, all who should know professing ignorance of any of the details.

Danderine

GREW THIS HAIR

AND WE CAN

PROVE IT.

Results from its use are QUICK and PERMANENT.

MISS DOROTHY CLARK,
2130 Greenhaw St.,
CHICAGO.

FRANCES MARIE KNOWLTON,
980 Garfield Boulevard, Chicago, Ill.,
Age 4 Years.

MISS LUCY MAY,
3036 Forest Hill Ave.,
CHICAGO.

LITTLE FRANCES MARIE KNOWLTON

whose photograph appears herewith has a most beautiful head of golden hair, thicker than the crown of glory of most mature women. Frances is only four years old, and her hair hangs within 12 inches of the floor. The extraordinary hair strengthening qualities of Danderine has grown for this little girl the most admirable head of hair ever possessed by a child of her age in the world. The other two ladies whose photographs are shown here are certainly delighted with the results they are getting. Neither of them having hair that would reach their waists before beginning the use of Danderine.

IT IS POSITIVE AND PERMANENT IN ITS RESULTS.

When applied to the scalp on either old or young, it makes the hair sprout and grow thick, long and beautiful, and there is no waiting around for weeks and months to see results, either. Any druggist will refund the price if it does not accomplish every result we claim.

Now at all druggists in three sizes, 25 cents, 50 cents and \$1.00 per bottle. To show how quickly Danderine acts we will send a large sample jar to each reader, and to any one who sends this advertisement to the Knowlton Danderine Co., Chicago, with their name and address and the jar will be sent to them at once.

Not All a Myth.

The joke papers have perhaps exaggerated the negro's fondness for chicken, but an incident occurred at the passenger depot this morning that showed it is not all myth. A crate of chickens being expressed

somewhere was knocked about in such a way as to allow one of the chickens to escape. A sleek, well-fed looking negro, dressed evidently for a journey, asserting that whenever a chicken got loose it belonged to who ever caught it, set about that task with a skill that inevitably showed former practice, and soon had the chicken captive. A last glance at the situation showed the negro with the chicken in his pocket, but later on he returned it to the case where it had escaped, very reluctantly, however.

R. M. SMOOT PASSES AWAY.

Was in the Plot to Kidnap Abraham Lincoln.

Fort Smith, Ark., May 10.—R. M. Smoot, who was in the plot to kidnap President Abraham Lincoln, and who sold to John Surratt the boat with which it was intended to convey Lincoln across the Potomac, died here yesterday, aged 73 years.

In Preble county, O., just across the border from Richmond, Ind., Isaac Mackey, aged 65, killed his brother, David Mackey, aged 75, with an ax, crushing in his skull. The murderer then succeeded by taking poison. The men were found on the floor of the home which they occupied together.
